MESSAGE FROM THE VICE-CHANCELLOR

I would like to welcome back our staff and our students and extend a special welcome to students who are joining the University of Fort Hare for the first time in 2025.

This is the fourth year of the implementation of our strategic plan for 2022-2026, entitled 'A Decade of Renewal'. Delivering on the promise that this iconic hundred-and-eight-year-old institution holds is central to all our endeavours.

As part of the University's Decade of Renewal (2020-2030), we are continuing our focus on improving University governance, with a particular emphasis on putting in place the necessary policies, and revising existing policies based on best practice. Our infrastructure renewal programme, with a key focus on maintenance programmes in 2025, is under way and there is firm stewardship of the University. Our focus is distinctly forward-looking, deepening the University's strengths and reimagining and developing the University in critical areas. This forward-looking approach is encapsulated in our seven institutional goals outlined in the Strategic Plan 2022-26:

- Institutional Goal 1: Pursue high quality and innovative teaching and learning
- Institutional Goal 2: Build the University's research and innovation profile
- Institutional Goal 3: Improve the quality of student life and enhance student experience
- Institutional Goal 4: Enhance the University's regional, national, and international standing and impact
- Institutional Goal 5: Strengthen good governance to ensure effective management and leadership
- Institutional Goal 6: Provide efficient and fit-for-purpose infrastructure and support services
- Institutional Goal 7: Ensure financial sustainability and a broader resource base

The end of 2024 was marked by a major recruitment drive to appoint 80 new academics to support our teaching and research. This is a major boost to the University, and we are excited about this development. Our academics are increasingly visible, and our strong social media presence means that good stories about our students and staff are getting out there. Our sport teams are performing well and are bringing honour to the University.

It is now necessary to accelerate the renewal process and further strengthen the University. Renewal in this sense means creating stronger efficiencies in our system, building capacity where it is lacking, modernising our systems and processes, improving accountability and professionalising our support services. Our academic programmes and our research and innovation enterprise are at the core of the institution, and the University will be re-oriented to support these core functions in all ways possible. A key focus in 2025 will be further digitalisation of our process and systems.

At the heart of the University is our students, and a focus on student experience underpins everything that we do. Members of the Student Representative Council serve on all the apex structures of the University to amplify the student voice and provide critical platforms for engagement. The quality of social interaction and social integration at a university is a key indicator of student success and well-being and our staff from the Division of Student Affairs, in particular, are committed to give support to students in the areas of University sport, counselling and health services, residence management, student governance and gender, HIV/Aids and disability awareness and support.

Improving the safety and well-being of our staff and students will be a core focus area in 2025. An access-control security project was completed in 2024. The systems will be fully rolled out in early 2025. Our GBV Prevention and Gender Diversity Office was established in 2022, and the review of the Policy on Harassment, Sexual Harassment and Gender-Based Violence – which was first approved in September 2019 – was undertaken during 2024. The University community can expect many discussions and debates on this topic

and plenty of awareness programmes, coupled with firm action to curb gender-based violence and hold those who transgress to account.

I wish you all a productive and meaningful 2025, filled with opportunities and formative experiences.

Professor Sakhela Buhlungu
Vice-Chancellor and Principal

CHARTER OF ETHICAL PRINCIPLES AND VALUES

In lumine tuo videbimus lumen

In Thy light we see light

Preamble

The University of Fort Hare recognizes that any institution or community is ultimately governed by norms, values and belief systems that reflect its distinctive identity, traditions and orientation. The university believes that knowledge is a positive force only if integrated with values and that it should provide a nurturing context of strong ethical norms and principles. In the absence of such values, knowledge could be a destructive force. This Charter therefore presents the crucial value- framework that defines the ethos of the University of Fort Hare. It guides the university's vision, mission, corporate goals and strategic objectives. It serves as a reference point for all its academic and administrative policies, programmes and procedures and it binds the entire university community by shared ethical principles and values. The Charter is relevant to our rights and responsibilities, as Fort Harians, in relation to each other, the wider society and the environment. Ultimately, it seeks to inspire all people to live with nobility, dignity and an active conscience.

The University of Fort Hare will always be the crucible where many of the critical ideas of South Africa's democracy, liberation, reconciliation and forgiveness germinated, developed and strengthened and it eventually reverberated throughout the country, the continent of Africa and around the globe. The Charter therefore naturally resonates with the principles and values that underlie the Freedom Charter, the South African Constitution and the Bill of Rights.

The Fort Hare Charter has grown out of an inclusive developmental process that involved the entire university community. It offers to all its members the ethical principles and values listed below, in order to guide us on our journey of discovery, exploration and realization of our intellectual and unique human potentialities. Without such ethical guidelines all teaching, learning, research and community service are of little value.

The University of Fort Hare Community is:

- Inspired by the heritage of the university and the contribution it has made to leadership, liberation and service to humanity;
- Accepting that the purposes of education include the realization of our humanity as well as our responsibility to self, family and community;
- Recognizing that in the pursuit of truth and knowledge, the university, as an institution of higher

learning, shall maintain in all that it does an unwavering focus on excellence;

- Affirming that a crucial role of education is to instil in students respect, tolerance and social responsibility in an environment of academic freedom, dialogue, friendship and understanding.

The University of Fort Hare Community hereby accepts this Charter and commits itself to living by and promoting the principles and values listed below:

PRINCIPLES AND VALUES

- To ensure that the universal values of justice, integrity, discipline, love, kindness, non-injury and concern for the wellbeing of others shall serve as a source of our thought, speech and action.
- To respect and affirm the dignity, equality, freedom and rich cultural diversity of all human beings as the basis for peace and social justice.
- To commit ourselves to the pursuit of truth, intellectual honesty, openness to ideas and excellence through the attainment of the highest professional and ethical standards in teaching, learning, research and community service.
- To endorse and encourage the endeavour for academic success as being critically linked with the striving towards an ever-deepening expression of our humanity.
- To uphold and honour the dignity of the university, to preserve its heritage, spirit and assets and to observe its statute, rules and regulations as well as the laws of the country.
- To encourage an orientation of imaginative, collaborative, problem-solving and entrepreneurial thinking in addressing the challenges that we face.
- As a staff member, to be a responsible, caring mentor in all our dealings with students and with each other.
- To not discriminate, directly or indirectly, on the grounds of birth, race, colour, national, ethnic or social origin, gender, age, illness or disability, language, culture, political or other opinion, religion, conscience, belief, marital status, pregnancy or sexual orientation.
- To be ever conscious of the need to develop a responsible relationship with the earth and to understand our critical role to protect and preserve it for future generations.

To undertake teaching and research that will responsibly harness the benefits of all the sciences for the well-being of humanity, being conscious of the harm inherent in the irresponsible use of knowledge.

The application must be completed in full and signed by the prospective student and their parent or guardian if the applicant is a minor. The completed form with any applicable supporting documents must be submitted by the stipulated due date, together with the application fee. Only online applications will be accepted.
- 3.3 A student who was registered at another university shall, upon application for admission to the University of Fort Hare, submit their academic record, certificate of financial good standing and certificate of good conduct from the aforementioned university, which is acceptable to the University.
- 3.4 The closing date for applications for admission shall be published on the University website. A late application fee will be payable for applications received after the specified due date.
- 3.5 **Admission requirements**

- 3.5.1 No person shall be registered as a student at the University for a programme unless that person meets the general entrance requirements for admission and the entrance requirements as stipulated in the rules for a particular programme.
- 3.5.2 The minimum entry requirement into undergraduate qualifications is the National Senior Certificate (NSC) and the National Certificate Vocational (NCV) with appropriate subject combinations and levels of achievement specified for entry into the Higher Certificate, Diploma and Bachelor's degree programmes.
- 3.5.3 An Admission Point Score (APS) is calculated as part of the minimum requirement for entry into each undergraduate qualification as per Table 1 below. A point value is allocated to the level of achievement for each of seven subjects taken in the NSC; and the values are then added to obtain an Admission Point Score.

Table 1: University Admission Point Score (APS) and NSC Achievement Levels

NSC	NSC Percentage	University APS	APS Percentage
		8	90 -100 %
7	80 -100 %	7	80 -89 %
6	70 -79 %	6	70 -79 %
5	60 -69 %	5	60 -69 %
4	50 -59 %	4	50 -59 %
3	40-49%	3	40-49%
2	30-39%	2	30-39%
1	0-29%	0	0-29%

- 3.5.4 The minimum admission requirement for a Bachelor's degree at the University for holders of the NSC are the following subject combinations and achievement ratings:

Pass in seven (7) NSC subjects with a minimum (see Table 2):

- Achievement rating of 4 (50 – 59%) or higher in English Home Language; or English 1st additional language as the language of learning and teaching of the University; and
- Achievement rating of 4 (50 – 59%) or higher in four 20-credit NSC subjects; and
- Achievement rating of 2 (30 – 39%) or higher in one 20-credit NSC subject; and
- An achievement rating of 4 (50 – 59%) or better in Life Orientation.

Note: Life Orientation is a 10-credit NSC subject for which a maximum of 4 points are allowed when calculating the Admission Point Score (APS). This is applicable for admission to all undergraduate academic programmes at the University. (For example: even if an applicant obtains 70% in Life Orientation, they are allocated 4 points.)

- 3.5.5 **Table 2:** The Minimum APS for entry into Bachelor's Degrees at the University for holders of the NSC

NSC Subject	Admission Point Score
English Home language OR English 1 st additional language	4 (minimum) = 4
Four (4) 20-credit subjects	4 x 4 (minimum) = 16
One (1) 20-credit subject	1 x 2 (minimum) = 2
Life Orientation	4 (maximum) = 4
Minimum APS Total	26

- 3.5.6 Faculties may prescribe higher minimum requirements and specify the subjects with their respective minimum pass level requirements for different programmes and qualifications.
- 3.5.7 The minimum requirements for admission to undergraduate Bachelor's Degree programmes for holders of the NCV or Senior Certificate (i.e. prior to NSC) are set out in the University Policy and Procedures for Undergraduate Admissions and Selection and in the respective Faculty Prospectus or may be obtained from the Office of the Registrar.
- 3.5.8 An applicant may be considered for admission into a Bachelor's degree if they have successfully completed an appropriate NQF level 6 qualification or obtained a complete full exemption certificate from the Matriculation Board (applicable to International applicants).

- 3.5.9 Applicants seeking admission into undergraduate qualifications may also do so through the Recognition of Prior Learning (RPL) by consulting the RPL Officer in the Teaching and Learning Centre. The University Policy and Procedures for the Recognition of Prior Learning regulates the process for the admission of students through RPL.
- 3.5.10 All applications for admission who meet the minimum requirements are subject to a selection process. Applicants must comply with the general University admission requirements and any other specific requirements as prescribed by the respective Faculty. An applicant may be expected to attend an interview, undergo a selection test, submit a portfolio and/or make a written presentation to the Faculty and/or Department.
- 3.6 **Credit recognition and transfer:**
- 3.6.1 Credit recognition and transfer applies to
- A student of the University who is registered for, but has not completed a programme, and who wishes to change to a different programme linked to the same qualification or a different qualification;
 - A student registered at another recognised higher education institution who has not completed the programme at that institution, and who wishes to register for the same or a different programme at the University; and
 - A student who has completed a qualification at the university or at another recognised higher education institution who wishes to enrol for a programme leading to another qualification at the University.
- 3.6.2 Senate may exempt a student from attendance and assessment in a module on the grounds of their having obtained credits for the same or equivalent NQF level modules prescribed for another qualification of the University.
- 3.6.3 Students who are already in possession of a first qualification may be granted recognition towards a second qualification at the same or at a lower NQF level in respect of modules previously completed only up to a maximum of half of the prescribed credits required for a second qualification provided the modules are at the same or equivalent NQF level.
- 3.6.4 Credit recognition and transfer can only be granted to a student who meets the minimum admission requirements of the qualification and programme for which the student wishes to register.
- 3.6.5 A student who is eligible to make an academic credit transfer application must do so before or within the first year of their registration for the qualification. Failure to submit the said application within the period contemplated by this rule shall render the application irregular. It shall be the responsibility of the student eligible to make the application, to acquaint themselves with the time requirements and consequences of this rule.
- 3.7 **Minimum credits for degree qualifications:** All University academic programmes/qualifications shall, in terms of SAQA credits, be configured such that each year of study shall entail students completing a minimum of 128 credits. Accordingly, students shall only qualify for a University three-year or four-year or five-year degree after completing a minimum of 384 credits or 512 credits or 640 credits, respectively.
- 3.8 **Minimum time spent towards a qualification:** In order to graduate with a University qualification, a student must, in the course of their studies at the University, successfully complete a minimum of 120 credits at the exit level on which the relevant qualification is registered.
- 3.9 **Currency of undergraduate modules:** Undergraduate modules from other institutions for which credits are requested may not be older than 5 years. University modules retain their validity towards unfinished qualifications for 8 years. Senate may refuse recognition of a module (credit) on the basis that its content has changed and/or the module (credit) is too old to be given recognition.

GR 4 REGISTRATION AND PROGRESSION

- 4.1 A prospective student must first be admitted to the University in accordance with the provisions of GR3 above before they may register; they must supply proof of such admittance at registration. The University shall not be obliged to register a prospective student even though they have been admitted to the University; the student must also comply with the requirements of registration.

- 4.2 Before commencing their studies in any year prospective students shall register as students of the University online and on the date and time published beforehand by the Registrar by signing their names on the official registration form, thereby signifying their acceptance of the rules of the University and of liability to pay the prescribed fees including residence fees, where applicable. No person who is in arrears with the payment of any fees due to the University shall be registered as a student unless specifically exempted by a University concession.
- 4.3 Students who have been admitted to a programme shall register for the specified modules before the commencement of such modules. No late registrations shall be accepted except with the written permission of the Registrar/Dean concerned, and within the period indicated in the sessional dates.
- 4.4 **Compliance with programme requirements**
- 4.4.1 It is the responsibility of the student to ensure that the modules for which they are registered comply with the requirements of the relevant programme.
- 4.4.2 Senate may approve a special curriculum within the framework of the rules for a qualification or programme for a student who has been exempted from any module(s) in terms of the provision of the Statute.
- 4.5 **Concurrent registration.** No student shall be concurrently registered for more than one programme or qualification. Any exception shall only be allowed with the permission of Senate.
- 4.6 **Limitation of registration.** Every person registered as a student at the University shall be deemed registered:
- 4.6.1 for one calendar year, semester or such shorter period as Senate generally, or in any particular case, may specify; and
- 4.6.2 for the modules as specified in the official registration. Registration of the student shall lapse after expiry of this period of registration. If a person wishes to remain a student at the University or to be reassessed in a particular module, that person shall renew their registration.
- 4.7 **Offering of modules.** If only a small number of students wish to enrol for a given module in any year, the relevant Faculty may, after consideration of the staffing position and module viability, and after consultation with the Department(s) offering the programme concerned, decide that such module shall not be offered in that year. Faculty Boards may also set a maximum class size for a programme in consideration of the staffing and facilities available for the programme. This rule shall be especially applicable to the offering of modules on a part-time basis. In terms of the rule, a part-time student shall not be entitled to demand and receive tuition in every module forming part of the curriculum of the University qualification for which they are/were registered by virtue only of having been allowed to commence their studies at the University on a part-time basis.
- 4.8 **Timetable clashes.** Students may not register for modules with a clash on the lecture, practical or examination timetables without the approval of the Dean of the Faculty and the Registrar. The University is not obliged to rearrange an examination timetable to accommodate instances where a student registered for modules which clash on the lecture or practical timetables.
- 4.9 **Special prerequisites and ancillaries for particular modules.** Senate may determine that students shall not be admitted to a particular module unless they have obtained credit for another specified module or simultaneously registered for another specified module. Failure to adhere to the above-mentioned rule of prerequisites and co-requisites, where applicable, may result in the immediate cancellation of the module(s) involved.
- 4.10 **Registration of occasional students.**
- 4.10.1 Senate may permit any person to register as an occasional student for a module or modules other than as a student for a degree, subject to such conditions as may be prescribed by the Head of Department/Dean concerned.
- 4.10.2 Senate may, subject to conditions as may be prescribed, permit a student to register for a module or modules other than as part of their curriculum.
- 4.10.3 Subject to the provisions of GR 3.6, Senate may grant a student credit towards a qualification for one or more modules completed while registered in terms of the provisions of GR 4.10.1

and/or GR 4.10.2, subject to such conditions as it may prescribe in an individual case, provided that a student shall, on registration, qualify for admission to the programme concerned and the module can form part of an approved curriculum for the qualification/programme.

- 4.11 **Registration with another institution.** Where a student is for any reason whatsoever unable to register for a University module required in order for that student to complete the curriculum of the qualification for which they are registered at the University, the University *may* (through the relevant Faculty Board) provide permission for the student to register for that module with any other higher education institution. A student who has completed a module with another higher education institution pursuant to this rule shall be entitled to apply for recognition of the credit as soon as possible after they obtain a pass in the relevant module. ***Save for exceptional circumstances***, this rule/provision shall not apply to a module which constitutes a “major” in an undergraduate degree curriculum. ***What qualifies as “exceptional circumstances” shall be determined by the relevant Faculty Board.***
- 4.12 **Registration of last outstanding module.** Students who have ONE module outstanding and have exceeded the maximum time allowed for completion of the curriculum of the qualification for which they are registered shall not be eligible to register for that module on a full-time basis, with or without any other modules, but may request permission to register for the said (last outstanding module) at another institution in terms of the immediately preceding GR 4.11. ***Save for exceptional circumstances***, this rule or provision shall not apply to a module which constitutes a “major” in an undergraduate degree curriculum. ***What qualifies as “exceptional circumstances” shall be determined by the relevant Faculty Board.***
- 4.13 **Student identification.** Every student, while on campus or using University facilities shall produce their student registration card upon request.
- 4.14 **Progression criteria.** Progression of students shall be determined by Faculties, for which purpose Faculties shall provide specific criteria within the general University rules.
- 4.15 **Academic exclusion of full-time students.** Full-time students who have failed to obtain the minimum number of credits towards the qualification for which they are registered shall be excluded from the University on academic grounds:
- 4.15.1 **In the case of a three-year degree programme**
- 4.15.1.1 After one year, a minimum of 50% of the credits for level 1;
 - 4.15.1.2 After two years, a minimum of 55% of the credits for level 1 + 2;
 - 4.15.1.3 After three years, a minimum of 60% of the credits for level 1+2+3;
 - 4.15.1.4 After four years, a minimum of 85% of the credits for level 1+2+3;
 - 4.15.1.5 After five years, if a degree has not been obtained;
- 4.15.2 **In the case of a four-year degree programme** (including extended programmes)
- 4.15.2.1 After one year, a minimum of 50% of credits for level 1;
 - 4.15.2.2 After two years, a minimum of 55% of credits for level 1+2;
 - 4.15.2.3 After three years, a minimum of 55% of credits for level 1+2+3;
 - 4.15.2.4 After four years, a minimum of 60% of credits for level 1+2+3+4;

 - 4.15.2.6 After six years, if a degree has not been obtained.
- 4.15.3 **In the case of a five-year degree programme** (including extended programmes)
- 4.15.3.1 After one year, a minimum of 50% of credits for level 1;
 - 4.15.3.2 After two years, a minimum of 55% of credits for level 1+2;
 - 4.15.3.3 After three years, a minimum of 55% of credits for level 1+2+3;
 - 4.15.3.4 After four years, a minimum of 55% of credits for level 1+2+3+4;
 - 4.15.3.5 After five years, a minimum of 60% of credits for level 1+2+3+4+5;
 - 4.15.3.6 After six years, 85% of the credits for level 1+2+3+4+5+6.

4.15.3.7 After seven years, if a degree has not been obtained.

4.15.4 Change of programme and interruption of study

4.15.4.1 Where a student has been allowed to change registration from one programme to another after the first or any subsequent year of study, the prescribed period of study shall continue to be calculated from the registration of the first year of study of the first programme;

4.15.4.2 In calculating the prescribed period of study, the frequency or duration of the period of interruption of study by a student shall not be taken into account, provided the student has received the necessary permission to suspend their studies;

4.15.4.3 A student shall be permitted to change registration from one programme to another on one occasion only provided the second programme can be completed within the maximum time allowed since first registration and is subject to the admission requirements.

4.16 Academic exclusion of part-time students

4.16.1 A student shall be excluded from the University if the student has not fulfilled all the requirements for their proposed qualification within the maximum time allowed, except in special circumstances approved by Senate.

4.16.2 Periods of attendance and examination results at another university shall be taken into account, with one year of full-time study being regarded as equivalent to two years of part-time study.

4.17 Matters relating to academic exclusion

4.17.1 The relevant Faculty Board may re-admit a student who has been excluded from the university where their subsequent academic achievement or experience justifies readmission.

4.17.2 A student who was previously eligible for exclusion, but who was not excluded at that time, may be excluded on that basis at the end of any subsequent year.

4.17.3 If a student by means of written notification received by the Registrar by the date specified cancels their registration, the registration for that year shall not be taken into account for exclusion purposes.

4.17.4 Any person who is not registered as a student, shall not attend lectures, undertake assessments, access the University Learning Management System, have marks assigned or use any of the facilities or privileges offered by the University to its duly registered students.

4.18 Appeal against academic exclusion from the University

4.18.1 A student who has been excluded on academic grounds shall be entitled to appeal their exclusion to the Faculty Academic Exclusion Appeals Committee (FAEAC) in which the student is registered and as set out in the University Principles and Procedures for Academic Monitoring, Exclusions and Appeals. Such appeal must be lodged with the relevant Faculty Manager as indicated in the letter informing the student of their exclusion. The FAEAC must consider and decide upon such appeals no later than two weeks after receipt of the appeal documentation by the Faculty Manager.

4.18.2 In deliberating on an appeal pursuant to this rule, the FAEAC shall be entitled to consider all factors deemed pertinent to such a matter, including the student's historical academic performance, physical and mental health (supported by appropriate documentation), and any compelling personal circumstances as evidence by appropriate documentation. Where the Committee considers it appropriate, it may impose clear/specific conditions on the re-admission of a student excluded on academic grounds.

4.18.3 A student who is dissatisfied with the outcome of a decision of the FAEAC rendered in accordance with the immediately preceding paragraph shall be entitled to appeal the decision to the Faculty Board. The Faculty Board may set aside the decision of the FAEAC or upholds the Committee's decision in its entirety or vary the terms thereof. With respect to the appeal process prescribed under this rule, the decision of Faculty Board shall be final.

GR 5 MODULE PARTICIPATION REQUIREMENTS

- 5.1 Unless Senate decides otherwise, a student shall obtain credits only for modules which have been satisfactorily attended and in which there have been sufficient participation in assessment opportunities.
- 5.2 Students may be required to produce proof of registration for a module as and when required by the Head of Department/Dean or someone who has been delegated to do so.
- 5.3 The Head of Department/Dean concerned shall determine what constitutes satisfactory attendance and shall notify students thereof in writing at the commencement of each module

GR 6 ASSESSMENT

- 6.1 Assessment of all students in every module shall be conducted in such a manner and through such methods as approved by Senate and as set out in the University Policy and Procedures on Assessment. The final mark so obtained for a module shall be entered into the academic records of the students. A moderator must be appointed for the summative assessment of every module.
- 6.2 Unless approved by Senate, a student's DP mark shall be combined in equal proportion with the examination mark and the average will constitute the final mark in all examination modules. In continuous assessment modules, students are examined continuously over the duration of the module and the marks obtained are used to produce a final result as approved by Senate.
- 6.3 Upon return of samples of examination scripts for an examination module or relevant assessment in a continuous assessment module sent to an external moderator, the Head of Department/Dean and the internal examiner shall, in consultation with the Dean of the Faculty, scrutinize the scripts with a view to determine whether the external moderator would have adjusted the marks across the board and by what number of marks they would have done so. After making such determination, the Head of Department/Dean (or Dean of Faculty where the internal examiner is the Head of Department/Dean) shall direct the internal examiner to make the required mark adjustment on all the examination scripts or assessments including those included in the sample that went to the external moderator.
- 6.4 The time when and the place where summative assessment of a module shall take place shall be determined by Senate. In a case where the module is assessed through the performance of a comprehensive assignment, a practical test or any other task outside the examination room, the details of such an assessment shall be circumscribed in the description of the module and the assessment shall take place under the oversight of the Head of Department/Dean or a person designated by the Dean.
- 6.5 **Identification of students during assessment.** Students must produce satisfactory proof of their identity by means of their current student registration cards.
- 6.6 **Academic misconduct**
 - 6.6.1 **Cheating/assessment and examination-related fraudulent misconduct**

During an assessment session, a student shall not have any notes or any other assistance, unless such assistance is specifically circumscribed and allowed for that session. A breach of this rule will result in disciplinary action against the person(s) involved.
 - 6.6.2 **Plagiarism**

The commission of acts of plagiarism is strongly forbidden by the University. Conduct that may constitute plagiarism shall be scrutinized, processed and the appropriate institutional response or sanction shall be determined in accordance with the University Policy and Procedures on Plagiarism.
- 6.7 **Release of final marks**
 - 6.7.1 The University shall endeavour to publish examination results as soon as possible after they are validated by the Faculty Examinations Committees.
 - 6.7.2 Students shall proactively seek out their examination results. Accordingly, it is the responsibility of students to obtain notification of their results.
 - 6.7.3 A student shall not be entitled to a special supplementary examination merely because of lack

(or delay) of notification of their results.

6.7.4 The Office of the Registrar publishes examination results. No other individual or structure may release examination or final marks.

6.8 **Final mark, pass mark, exam mark and distinction:** After every assessment, a student shall be awarded a final mark not exceeding 100 percent. The pass mark for every module shall be 50 percent. The student shall be awarded a pass with a distinction in a module if, at the first attempt, a final mark of at least 75 percent was obtained.

6.8.1 In examination modules, subject to the requirements of GR 6.9 (relating to the requirement of a minimum DP mark) and GR 6.10 (relating to the requirement of an examination sub-minimum), where a student has obtained a DP mark or an examination mark of 39 percent and/or a final mark of 44 percent or where a student has obtained a final mark of 49 percent or 74 percent, they shall be entitled to an automatic condonation towards the higher mark. This rule shall be implemented by the University's Examination Office without the requirement of any faculty/departmental resolution or formality. In the application of this rule, the number of modules in which a student has obtained the examination mark of 39 percent or final mark of 44 percent or 49 percent or 74 percent shall be immaterial.

6.8.2 In continuous assessment modules, where a student has obtained a final mark of 49 percent or 74 percent, they shall be entitled to an automatic condonation towards the higher mark. This rule shall be implemented by the University's Examination Office without the requirement of any faculty/departmental resolution or formality. In the application of this rule, the number of modules in which a student has obtained the final mark of 49 percent or 74 percent shall be immaterial.

6.9 **Examination admission requirement (DP mark)** A student shall not be eligible to write the main examination, supplementary or aegrotat examination in an examination module for which they are registered unless they have obtained a minimum DP mark of 40% in the module. This rule shall not apply to a student who is registered for a module under GR 8 or under any other institutional rule that exempts them from the requirement of a DP mark. Where a student writes an examination without a DP mark, such examination mark shall be null and void and shall not be considered or processed.

6.10 **Requirement of an examination sub-minimum:** A student shall only be credited with a final pass mark in an examination module if they obtained a minimum of 40 percent in the main or supplementary examination. A student who has been unsuccessful in obtaining the examination sub-minimum mark of 40 percent in the main examination qualifies to write a supplementary examination provided they have obtained a minimum final mark of 45 percent.

6.11 **Online or Electronic Assessments:** Online or electronic assessments are conducted in accordance with the University Policy and Procedures on Assessment and conducted in the virtual space using University-approved platforms. Students are responsible for availing themselves for the assessment with the appropriate resources.

6.12 **Awarding of qualifications cum laude:** Unless Senate decides otherwise, a qualification shall be awarded cum laude if a student obtained a weighted average of at least 75 percent to the credit value obtained in all the modules in the student's prescribed programme, and further provided that:

6.12.1 the weighted average according to the credit value of the modules at the exit level of the qualification must be at least 75 percent;

6.12.2 none of the modules prescribed in the programme must have been failed;

6.12.3 all of the modules prescribed in the programme have been completed at the University.

6.13 A Dean's Commendation is awarded to a student for each semester in which the student is registered for a full semester credit load and who has obtained distinctions in all modules at first attempt.

GR 7 SUPPLEMENTARY ASSESSMENT

7.1 Students in an examination module may be required to present themselves for a supplementary assessment or reassessment of any work or examination previously completed by them. If a student fails to report for such an assessment, due to reasons other than those mentioned or contemplated

in GR 9.1 and GR 9.3, the opportunity shall be forfeited.

- 7.2 A supplementary assessment shall be based on the work prescribed for the previous assessment, but a department may exempt a student from a section of the work which has already been passed.
- 7.3 Supplementary assessments shall be granted in accordance with the rules and are applicable only to examination modules. Supplementary examinations are not applicable to continuous assessment modules. Unless otherwise specified, students shall be admitted to a supplementary assessment in an examination module provided they obtained a final mark between and inclusive of 45 percent and 49 percent in the module concerned or qualify in terms of rule 6.10 above.
- 7.4 **Automatic supplementary examinations for final year students.** Notwithstanding the provisions of the above GR7.3.1, a final year student shall be eligible for a supplementary examination in any one module in respect of which they have obtained a subminimum DP mark of 40 per cent where applicable and which module has turned out to be the student's last outstanding module towards the degree/qualification for which they are registered. Eligibility to write a supplementary examination in terms of this rule shall only be determined by reference to the academic status of a final year student at the end of the main examinations. It shall be the responsibility of the student to determine their eligibility to write a supplementary examination under this rule and to bring that fact to the attention of the relevant Head of Department who will validate it at the Faculty Examination Committee and who shall notify the Examination Office accordingly. This rule only applies to Examination modules. For the purposes of this Rule, the expression "main examinations" is as defined in GR 1.17
- 7.5 The Head of Department/Dean, in consultation with the examiners of a module, may require students to present themselves for an additional oral examination immediately after the ordinary examination, and students shall be available for this purpose for ten days after the examination in the module that was written.

GR 8 REASSESSMENT

- 8.1 A student who has been admitted to the examination in a module, but has failed in the examination in such a module or has failed a continuous assessment module, which is the last outstanding requirement for their degree, may be granted permission by the Dean of the Faculty in which the module is to be taken, on recommendation of the relevant Head of Department/Dean, to present themselves, without attending the University, for reassessment by or at the end of the following semester in which the module is offered, provided their written application to this effect is received by the Registrar at the normal time for registration of the module, and provided the student registers for the module and pays the prescribed fees. The module equivalent shall not exceed 16 credits per semester.
- 8.2 In cases where the module is an Examination module, the student will retain the previously attained DP mark or semester mark.

GR 9 SPECIAL EXAMINATIONS

- 9.1 Special examinations are applicable only to examination modules and may be granted to a student who, by reason of special circumstances, has been unable to sit for an examination including a supplementary examination. Satisfactory evidence of the special circumstances must be produced.
- 9.2 The words "special circumstances" as used in this rule shall at all times be narrowly construed to refer to uncontrollable events, such as bereavements, loss of property through fire, flooding, or a criminal attack. Where in doubt, a decision shall be requested from the Registrar.
- 9.3 An Aegrotat examination, which is a special examination, may be granted to a student who, by reason of illness, has been unable to sit for or complete an examination including a supplementary examination. Satisfactory proof of the illness must be produced.
- 9.4 Save as provided for in GR 9.5 and GR 9.8 below, special or aegrotat examinations shall be held on dates determined by Senate for main and supplementary examinations.
- 9.5 Where a student is a final year student, the Dean of the Faculty shall, on the recommendation of the relevant Head of Department and in consultation with the Registrar, determine the date for the special or aegrotat examination. However, the date of that special or aegrotat examination should be no later

than 30 days from the date of the examination that the student was unable to write due to illness or special circumstances.

- 9.6 The prescribed application form must be submitted to the Manager of the Examinations Department no later than seven (7) calendar days from the date of the relevant examination together with the necessary proof or evidence as the case may be.
- 9.7 Where a student was unable to apply for a special or aegrotat examination, as stipulated in GR9.6, due to illness or special circumstances, such a student must make the required application and provide the accompanying documentation at the earliest opportunity available to the Faculty. The Faculty shall accept such application where the documentation provided by the student shows that they could not possibly have complied with the requirements of GR 9.6 due to illness or special circumstances.
- 9.8 In the event that the student is unable to sit for or complete the special or aegrotat or supplementary examination due to illness or special circumstances, the Dean of the Faculty shall, on the recommendation of the relevant Head of Department and in consultation with the Registrar, determine the date for the special or aegrotat examination. However, the date of that special or aegrotat examination should be no later than 30 days from the date of the examination that the student was unable to write due to illness or special circumstances.
- 9.9 If a student fails to report for a special or aegrotat or supplementary examination, due to reasons other than illness or special circumstances, the opportunity to sit for the special or aegrotat or supplementary examination is thereby forfeited.
- 9.10 A special or aegrotat examination may be conducted orally or in writing. Where a Dean has decided to act in terms of GR 9.5 or GR 9.8 above, the special or aegrotat examination may be conducted orally with the involvement of the relevant module's External Moderator.

GR 10 RE-MARKING OF EXAMINATION SCRIPTS

- 10.1 Students are entitled to have one or more of their examination scripts remarked after they have submitted a written application to the Examinations Officer and have paid the prescribed fees. Re-marking shall not be permitted for examination scripts in which external examiners are involved, nor for supplementary, special or practical examinations.
- 10.2 Unless Senate decides otherwise, application for the re-marking of an examination script must be submitted not later than 30 days after the marks for the previous semester have been published. A student who has applied for re-marking of scripts shall not thereby forfeit any right they may have to a supplementary examination. If the re-marking results in the student passing the module, this mark shall supersede any supplementary examination results in the same module. A student who qualified for and wrote a supplementary examination, and who also applied for the re-marking of a script or scripts for the same module shall pay the prescribed fee for both re-marking and the supplementary examination.
- 10.3 The fees for re-marking paid in terms of GR 11.1 and GR 11.2 shall be refunded if the re-marking results in a correction of the mark so that the student qualifies for a supplementary examination, a pass or a distinction in the module concerned.

SECTION E: RULES FOR STUDENT DISCIPLINE

PREAMBLE

The University's discipline philosophy is inextricably wound with its mission to provide high quality education to its students. In the spirit of serving the public good and in furthering education, the University has committed itself to use its Rules primarily as an educative process and not primarily for punitive purposes. At the core of this philosophy is the improvement of behaviour through corrective action. Disciplinary hearings are intended to be inquisitorial rather than adversarial. The goal of the hearing is to uncover the truth through active participation of the Student Discipline Committee (SDC) as opposed to the SDC acting as referee between legal representatives.

The Rules shall, at all times, be interpreted in accordance with the following overarching principles:

- I. The principles of natural justice must be observed. The principle of consistency as an element of fairness and equity must be applied to ensure that like cases are treated alike.
- II. The primary goal of any sanction allowable hereunder is to educate and rehabilitate rather than solely to punish. To give effect to this principle, Council shall cause to be developed a document that will provide a guideline on the use of sanctions in a manner that promotes individual responsibility, corrective justice and consistency (Appendix 1 to the Rules for Student Discipline).
- III. Wherever the Rules refer to the Vice-Chancellor or Deputy Vice-Chancellor, such reference shall include any person nominated by the Vice-Chancellor or Deputy Vice-Chancellor to perform the nominating Vice-Chancellor's or Deputy Vice-Chancellor's duties hereunder on their behalf.

DR 22 SPECIAL DISPENSATION FOR GBV CASES

22.1 All cases of sexual and gender related misconduct shall be reported and investigated as directed in the GBV Policy. Any person, both from within the University community or from outside the University community, may make a report of sexual and gender related misconduct on behalf of another person. Reporting of sexual and gender related misconduct is mandatory for all members of the campus community who become aware of such misconduct.

22.2 Subject to DR 17, in all cases where GBV is alleged, both the complainant and the alleged perpetrator shall be entitled to the following rights:

- i) to be treated with dignity, respect and fairness;
- ii) to have their identities kept confidential in as far as reasonably possible, subject to DR22.8 below;
- iii) to a timely investigation and disciplinary process;
- iv) to have the complaint investigated in an impartial and trauma-informed manner;
- v) to have a personal supporter of their choice, either in addition to the representative allowed in terms of DR 21.4, or in lieu thereof, provided that no person may have more than two people present on his/her behalf;
- vi) to provide testimony without confronting the opposing party in person, to view testimony provided by the other party, and likewise, to cross-examine;
- vii) to have the matter mediated if so agreed by the GBV Prevention and Gender Diversity Office and

both the complainant and the respondent.

- 22.3 Hearing dates, once set and Notice given to the parties, shall not be changed in the case of a respondent who is absent without good and sufficient reason as determined by the Chair.
- 22.4 Unless the complainant opts to appear with the respondent, the complainant and respondent do not appear together in the hearing. Rather, the panel sits in a meeting room while the complainant and respondent wait in separate rooms, with the complainant (and his/her witnesses) being called into the meeting room and the discussion being audio-streamed to the respondent, thereafter, the respondent is called into the meeting room.
- 22.5 Supporting and contextual material such as, but not limited to, photos, cell phone and social media records may be accepted into evidence. The Chair will decide on the admissibility of such evidence where required to do so. More generally, the Chair decides any question on procedure and/ or the admissibility of evidence, as well as the acceptability/relevance of any witnesses and other evidential issues that may arise, not being bound by the formal rules of criminal procedure or evidence but rather the dictates of fairness, justice, expeditious finalisation of proceedings and relevance.
- 22.6 The hearing panel first studies the investigation report and may call on the GBV Prevention and Gender Diversity Office for clarification of issues, and may decide in consultation with the parties on issues not in dispute admissions, as may agree on any narrowing of the arguments and witness lists. Thereafter, the panel separately interviews the complainant and the witnesses of the complainant, and then the respondent and the witnesses of the respondent. The person giving evidence or being cross-examined, as well as the complainant and respondent, will be provided with an opportunity to submit questions through the panel, which retains the discretion to reject any inadmissible questions. The panel may request and call further witnesses, any such further testimony will be subjected to the same rules.
- 22.7 Under certain circumstances, in the event that a complainant does not wish to pursue action against an alleged perpetrator in terms of the GBV Policy, the GBV Prevention and Gender Diversity Office may determine whether the University should nonetheless pursue the matter. In making this decision, all relevant information should be considered, including, but not limited to:
- i) any risk to the complainant;
 - ii) any risk or threats to other persons in the University community;
 - iii) circumstances that suggest that there is an increased risk of future acts of GBV from the alleged perpetrator;
 - iv) whether the GBV was perpetrated with a weapon;
 - v) the severity of harm that may result from failure to pursue the matter;
 - vi) the history of the alleged perpetrator with regard to previous complaints of GBV against him/her.
- 22.8 The complainant may, at any time before the day scheduled for the hearing, request in writing to the GBV Prevention and Gender Diversity Office that the complaint be withdrawn.
- i) If the hearing panel is already constituted, the Chairperson of the panel, in consultation with the GBV Prevention and Gender Diversity Office, will consider whether the request is fully voluntary and whether the interests of the University community would be better served by continuing with the hearing. The Chairperson's decision whether to approve or deny the request for withdrawal of the complaint is final.
 - ii) If the Chairperson decides to proceed with the hearing despite a request for withdrawal, the complainant will not be required to participate in the subsequent hearing.
 - iii) If a hearing panel has not been constituted, the GBV Prevention and Gender Diversity Office will consider whether the request is fully voluntary and whether the interest of the University community would be better served by continuing with the hearing.
 - iv) The GBV Prevention and Gender Diversity Office's decision on whether to approve or deny the request for withdrawal of the complaint is final.
 - v) If the GBV Prevention and Gender Diversity Office decides to proceed with the complaint despite a request for withdrawal, the complainant will not be required to participate in the subsequent hearing, in which case the GBV Prevention and Gender Diversity Office will have to rely on other evidence. Alternatively, a request can be made that the complainant provides a written affidavit granting permission to use their statement of complaint as part of the

proceedings.

- 22.9 The University retains the right to inform the University community of any protective measures instituted (if necessary) as well as of the outcomes of the disciplinary hearing. It also retains the right to publicly disclose the name of the perpetrator when found guilty of the misconduct.

- b) **Substantial disproportionate sanction:** The sanction appears to be substantially disproportionately lenient and/or severe based on the facts of the case, as determined by the Student Discipline Committee.

A student shall not by reason of any action taken or punishment imposed in terms of these rules have a claim to repayment or remission of tuition or residence fees paid or payable to the University.

The Office of International Affairs' vision is to engage in a vibrant and viable internationalisation agenda that is internationally recognised, culturally enriching, and promotes a diverse approach to academic excellence through international best practice.

The University of Fort Hare is committed to promoting International Relations through cooperative and collaborative linkage partnerships, international programmes, and activities with fraternal institutions of higher education within the Higher education regulatory framework. OIA activities are aligned within the national planning and policy imperatives provisions while ensuring consistency with the Vision, Mission, and Goals of the University of Fort Hare.

The universities target is to have at least over 1000 International students from across the globe registered. In this light, the International Affairs Office ensures a smooth transition and study experience. The office also has the dual function of serving the university's international students and scholars interested in mobility programmes for faculty and students through an extensive network of partner collaborators on campus and abroad. It also strives to support these three core values; research development, improved services for international students, and community engagement.

International Affairs Office Operates within the following structures;

- International student life and support services
- Immigration and compliance matters for international students
- Recruitment of prospective international students
- partnerships
- Staff and student exchange (Mobility) programmes: Inbound and outbound

Student life and Support Services

International Student Life Section (ISL) enhances the student-learning environment through programmes and services that internationalize the campus experience. This is accomplished through focused and intentional efforts in three core areas:

Transition & Support

The office facilitates programmes that enhance integration, social cohesion and create a welcoming environment for international students.

We also provide services and programmes aimed at supporting international students to assist with their on-going transition to the University of Fort Hare.

Programmes & Outreach

We develop and facilitate orientation programme, welcome functions and cultural celebrations for international students.

Office of International Affairs also provides opportunities and events that involve community engagement. These activities encourage the exploration and learning of different cultures to build an inclusive and internationalised campus.

Leadership & Engagement

We plan and facilitate the annual programme of action for international students, and the election process of their new committees.

We facilitate volunteer and leadership opportunities for international students that promote global citizenship through individual growth and cross-cultural learning and development

Immigration and compliance matters for international students

The office plan and coordinate the registration process of international students. It ensures that international students do comply with the immigration regulations and university rules. We also maintain accurate records of all categories of international students and post docs fellows.

The office prepares and write letters for study permit application and renewal purposes for international students. We liaise with VFS, DHA and SA consulates abroad concerning study permit application matters and related immigration challenges faced by international students

OFFICE OF INTERNATIONAL AFFAIRS AND PARTNERSHIPS (OIAP)

- Office of international Affairs and Partnerships (OIAP) seeks to be the first port of call for international students, staff, researchers and stakeholder both local and international.
- OIAP is tasked with the responsibility of raising the profile of the university through establishing new strategic Partnerships with both local and international institutions, Government departments, foreign governments, and many other organisations.
- It is also expected to advance the international standing of the university through increasing enrolment of international students and strategic partnerships.

Services offered to international students

OIAP's process of services to international students is broadly divided into three phases.

3.1 Application phase

- This is when a student is applying to study at UFH. During this time a student will mostly interact with OIAP's Senior Office Administrator dealing with prospective students who will generally guide you to the relevant people to speak to regarding your application.
- During the process of applying to UFH, students will go through a number of steps to enable them to obtain an academic place to study at UFH. During this process students will generally be in contact with the OIAP. Students generally have a lot of questions to ask when coming to do an undergraduate degree at the university.
- These relate to acceptance by the faculty, applying for a study visa, finding places to stay, etc.

3.2 Transitional phase

- The transitional phase starts when you have been accepted for studies at UFH. Some of the issues that relate to coming to UFH are getting a study visa, medical aid, obtaining a matriculation board certificate, transport to UFH, information about Eastern Cape, etc. Leaving

one's home country for another country can be a scary experience. Once you arrive at UFH after registration, the OIAP will provide you with a special orientation programme to support you through what may be a confusing and daunting time.

- Orientation is a university-wide process, OIAP in collaboration with Student Affairs host a variety of activities aimed at welcoming you to UFH and making you feel part of the university community. It is important for students to attend these orientation activities. Our special orientation is conducted with the help of fellow students who are orientation leaders, who will help you with information you need to know about UFH campuses, faculties, staying on and off campus, etc. They are a friendly group of both South African and international student leaders who have been trained to assist new students. The mode of transport in East London, Bhisho and Alice is generally buses, minibuses and taxis. The minibus taxis are the easiest to hop on, as they run throughout the working hours in a day, while the buses have timetables.

3.3 Integration phase

- Once a student has registered and starts to attend classes, The office organizes cultural events, workshops, and activities to promote cross-cultural understanding and integration among international and domestic students.

General support

- OIAP provides wide-ranging support services to international students. Any international student in need of advice or support while at UFH is encouraged to contact the Office of International Affairs and Partnerships for assistance.
- This includes general enquiries from prospective students, advice on the safety of the area you wish to stay in, the appropriateness of working while in South Africa, application for study visa, general advice about your stay at UFH, etc. Should we not be able to assist you, we will refer you to the relevant service provider on or off-campus. PLANNING AND QUALITY ASSURANCE UNIT (PQA)

The PQA Unit has three principal functions. These are:

- Strategic and academic planning, including its monitoring and evaluation;
- Quality assurance, regarding both academic and support services; and
- Management information, including external reporting and institutional research.

These functions overlap and reinforce each other, playing critical roles affecting the University's operations,

strategic direction, academic structure, its positioning and ultimately its success.

The PQA Unit is committed to ensuring that the University offers quality education and services to our students and the broader community by means of an overarching quality system and quality cycle that functions through reviewing the goals and activities of academic departments and support services divisions, with the aim of continuous improvement and innovation. The PQA Unit acts as a clearing house, catalyst and monitor for innovation in quality, teaching, research and service delivery, keeping in mind the diversity and unique needs of our student body. It also fulfils the functions of communication, interpretation and integration of policy, as well as support in institutional processes. The Unit works closely with the various Quality Assurance committees within the institutional context. The fundamental view of the PQA Unit is that quality enhancement is everyone's concern.

The PQA Unit plays a major role in strategic and academic planning, guiding and advising academic and support units with regard to internal and external changes and trends as well as their potential opportunities and consequences. It also helps to determine student enrolments as well as having an important benchmarking, monitoring and evaluation function.

Finally, the PQA Unit is responsible for reporting management information data to the Department of Higher Education and Training, a critical function that ultimately determines institutional subsidies. This same information is also used internally for a variety of purposes, including institutional research.

The Office deals with all incidents of gender-based violence and harassment. It is responsible for receiving and investigating GBV-related complaints; providing interventions of support to complaints, and respondents of GBV, facilitating prevention intervention on sexual harassment and GBV for staff and students.

Once the office is alerted of a case, it conducts a risk assessment process and provides support to the complainant, informing them of the processes regarding lodging a case with internal University structures and external SAPS structures. In addition, interim measures are put in place that include psycho-social, legal and academic support as well as a precautionary suspensions where necessary based on the circumstances of the case. Investigations are then conducted for internal formal processes.

The office also advances gender diversity and inclusion within the university community through education and awareness and advocating for the rights of gender diverse individuals and groups. This is done in the quest to ensure a safe and supportive learning and work environment for staff and students,

TEACHING AND LEARNING CENTRE

The Teaching and Learning Centre (TLC) was established in 2004 to address the changing needs of Higher Education. The focus of the Centre is to foster teaching and learning excellence to enable students and staff to derive the greatest possible benefit from the academic environment at UFH. The Centre was launched to play a strategic role in all areas of teaching and learning in order to realize the UFH's vision and mission. The TLC is a stand-alone Centre under the leadership of a Director, who reports to the DVC: Academic Affairs. The Centre provides support to academics and students through a variety of initiatives, programmes and services in three key areas: teaching development which incorporates professionalization of academic staff, the development of student learning, and the integration of technology-enhanced learning. These efforts have been further enhanced by the availability of the University Capacity Development Grant from DHET.

TLC's **vision** is to be an innovative, well-resourced centre with committed professional staff contributing to teaching and learning excellence through reflective and research-based practice.

The TLC's **mission** is to develop and promote responsive and relevant teaching and learning communities of practice.

The vision and mission will be realized through:

- Professionalisation of higher education teaching practice through the provision of ongoing academic staff enhancement and development through programmes such as the Post Graduate Diploma in Higher Education and Training (PGDHET)
- The provision of student support and development initiatives for maximisation of learning such as Supplemental Instruction, the Language Writing Advancement Programme, and Tutor Training
- The integration of technology to enhance teaching and learning;
- Collaborative development and review of policies to ensure teaching and learning excellence;
- Promoting the scholarship of teaching and learning, as well as scholarly teaching practice;
- Supporting the design and development of innovative learning programmes; and
- Pursuing internal and external partnerships to further develop teaching and learning.

INSTITUTES AND CENTRES

FORT HARE INSTITUTE OF SOCIAL AND ECONOMIC RESEARCH (FHISER)

INTRODUCTION

The Fort Hare Institute of Social and Economic Research (FHISER) is a multi-disciplinary research institute which was established at the University of Fort Hare in 2004. It is located on the East London campus. FHISER's location in East London situates the Institute at the geographical, political, economic and administrative hub of the Eastern Cape. This proximity of the Institute to government, business, donor agencies and NGOs creates excellent opportunities for synergies between research and development.

FHISER focuses on academic and applied research designed to produce new world leading knowledge that also informs evidence based development policy making and implementation. The Institute does not only draw on the rich history of advanced interdisciplinary social sciences and humanities critical enquiry and scholarship Fort Hare is known for globally, but has also positioned itself as an institutional research space and thought leadership platform on current complex South African socio- economic, cultural, environmental and political issues. Its South African focused research agenda draws extensively from comparative critical scholarship from the rest of the global South.

FHISER is committed to a multi-disciplinary research tradition:

- a) by applying internationally recognized research and development best practices to produce innovative academic and applied research outputs

- b) by continuously initiating and undertaking new primary research in rural and urban communities around the Institute's major research themes
- c) by conducting research which informs evidence-based decision making at local, provincial and national government levels
- d) by advancing science for policy, which relates to ensuring that policymakers are acting on the basis of the latest and best science evidence
- e) by establishing research partnerships with other universities, as well as public and private sector concerns so as to advance research and innovation
- f) by offering internships and training opportunities within the Institute's research programmes for emerging scholars, postgraduate students and development practitioners.

RESEARCH PROFILE

FHISER has three components of research, training and development:

1. Academic Research

As a university research institute, we conduct primary academic research. Our researchers have published books, book chapters and articles in leading international and national accredited journals.

2. Applied Research

Our academic research overlaps with applied research work. We conduct applied research for local, provincial and national government policy makers as well as international organisations (e.g., UN agencies, World Bank) and NGOs such as Ford Foundation, Oxfam South Africa, Hivos Southern Africa and World Vision.

3. Research Training and Development

Our third component is postgraduate student training and development. Our researchers supervise local and international PhD and MSocSc candidates on a variety of social sciences research projects. A vibrant structured MA in African Studies is also taught by FHISER researchers and other lecturers from within the university. Most of our PhD, MA and MSocSc students intern as research assistants in our research projects.

At FHISER we are thus able to work between academic and applied research contexts. The Institute has an excellent track record of working with government, international organisations, NGOs and CBOs on research projects concerning some of the most pressing social, economic, political, environmental and health problems provincially and nationally. We also have a strong track record of working in rural areas and with traditional leaders and community institutions in the most remote parts of the Eastern Cape Province.

RESEARCH THEMES

The Institute is currently pursuing five main research themes with exceptional dynamism and academic enterprise. These are:

- 1) Climate Resilience Futures
- 2) Migration and Citizenship
- 3) Gender and Social Transformation
- 4) Rural Youth Capabilities and Livelihoods
- 5) Culture and Heritage

STAFF MEMBERS

The institute's researchers and research associates come from a wide range of disciplines, including development studies, sociology, economics, history and anthropology.

FORT HARE INSTITUTE OF TECHNOLOGY (FHIT)

<http://fhit/ufh.ac.za>

The Fort Hare Institute of Technology (FHIT) was established in accordance with the University of Fort Hare (UFH) institutional strategic plan, UFH-SP2000 for restructuring and development of new academic programmes including the rationalization and integration of Institutes and Centers. FHIT, linked to the Faculty of Science and Agriculture, was established particularly to promote innovation and excellence in identified focus areas and produce applied scientists with the necessary skills required to participate and successfully compete in the global economic market.

In its quest to establish and nurture a culture of innovation and excellence, FHIT has identified four key research niche areas that will result in interdisciplinary programmes with both existing UFH departments and external partners. These focus areas include *Solar Energy*, *Bio Energy*, *Power Electronics*, *Smart Energy Systems* and *Sustainable Energy Studies* and provide excellent opportunities for postgraduate education, training, research and development in collaboration with other departments within and outside the Faculty. Amongst these are Chemistry, Physics, Mathematics, Statistics, Computer Science, Microbiology and the Faculty of Law. This was endorsed by the University by officially endorsing the associated activities through the allocation of the Renewable Energy Research Niche Area led by FHIT. FHIT has at its core the following statements:

Mission

The Fort Hare Institute of Technology shall be a center of excellence focusing on the most appropriate and advanced education, training, research and development of technology and related fields, thereby contributing to raising the number of Africans in particular, and South African's in general, in technical positions at all levels in the private and public sectors of the economy to a level that is proportional to the national demographics in order to contribute positively to economic growth.

Vision

The Fort Hare Institute of Technology is committed to the establishment and nurture of a culture of innovation and excellence in the promotion and development of superior technology and research capacity for the facilitation of advanced education and training in science and technology.

Values

In accordance with the above mission and vision, the Institute supports the following values:

- Professionalism
- Excellence in teaching, research and innovation
- Striving towards international standards
- Service to students and communities
- Equity
- Institutional sustainability and viability

SAMRC MICROBIAL WATER QUALITY MONITORING CENTRE

The SAMRC Microbial water Quality Monitoring Centre is a national facility established and funded by the South Africa Medical Research Council (SAMRC). It was inaugurated on 26 November 2014 at the MRC

headquarters in Cape Town. This centre with a life span of 15 years and annual subvention from the MRC of R1M in the first year (2015) and about R2.5M (capped) from the second year onwards is one of 8 such centres and units established in the country in 2014 and a veritable platform to conduct cutting edge water research in our region. The vision and mission statements of the centre are as articulated below.

Vision

The vision of the Centre is to strive to be a highly profitable center of excellence for the development of the next generation of microbial water resource specialists and to be *primus inter pares* for proffering solutions to the myriad of water related challenges in South Africa and beyond.

Mission

Our mission is to conduct high quality multi- and trans-disciplinary research in water quality and microbial genomics within the precinct of the following high impact themes: Quality indices and micro-/macro-ecology of water resources; effluent monitoring and compliance; emerging and re-emerging microbial infections; reservoirs of antibiotic resistance; and exploration for new bioactive compounds of health and biotechnological importance.

Goals & objectives of our research initiatives

This centre was established to be a hub for addressing the myriad of challenges in the water sector within the overarching aim of her research initiatives which is “evaluating some key emerging challenges in microbial water quality and safety as a vehicle for skills and capacity development in water science especially amongst the previously disadvantaged demographic groups in the Province” and focusing on the following themes:

1. Quality indices and micro-/macro-ecology of water resources including effluents monitoring and compliance.
2. Emerging and re-emerging microbial pathogens and chemical pollutants in the environment with particular emphasis on the aquatic environment
3. Reservoirs of antibiotic resistance determinants – understanding their release, fate and impact on the environment.
4. Exploration for new bioactive compounds of health and biotechnological importance.
5. Development of real-time detection devices such as biosensors for the quantitation and detection of antibiotics and chlorine resistance genetic elements in water and development of guideline for such nucleic acids in water.
6. Development of innovative technologies in removal of pollutants in water.

The centre is very research intensive and publishes on the average over 45 articles per year in the last 3 years in DHET accredited journals. We have generous funding and all our students enjoy one form of bursary or the other. Key members of the centre are drawn from academics in the University of Fort Hare, Walter Sisulu University and the University of the Western Cape. In collaboration with the University of Pretoria, Rhodes University, North-West University, Water Research Commission (WRC), Amathole District Municipality, and other academics in institutions in the United Kingdom, United States of America, Russia, Tunisia, Egypt, Nigeria, United States of America and Norway. The centre is temporarily hosted in the Applied and Environmental Microbiology Research Group (AEMREG) at the University of Fort Hare while plans are ongoing for a building on its own.

Further details about the centre can be found on its official websites (www.ufh.ac.za/centres/aemreg/ and www.samrc.ac.za/extramural-research-units/microbial-water-quality-monitoring?return=research/extramural-research-units).

CENTRE FOR GLOBAL CHANGE

The Centre for Global Change (CGC) at the University of Fort Hare was established in 2011 by the Department of Science and Innovation (DSI) and the National Research Foundation (NRF) as a strategic initiative to advance research, innovation, and societal impact. These key aspects of the CGC are embedded within the DSI's 2022-2032 Decadal Plan, specifically within the Global Change Research Programme, which is embedded in the Societal Grand Challenges and is integral to the sustainable development framework in South Africa. The CGC's mandate is to:

- Conduct responsive and proactive evidence-based research in collaboration with stakeholders at local, national, and global levels.
- Promote transdisciplinary postgraduate training for the next generation of researchers and practitioners.
- Manage knowledge dissemination through community forums, scientific publications, and conference/workshop presentations to communities, government entities, NGOs, and civil society.
- Implement community engagement activities to build resilient communities capable of adapting to global changes.
- The CGC strives to achieve its goals through four key pillars: research, human capacity development, collaboration, and community engagement.

Vision

The vision is to significantly contribute to generating solution-oriented knowledge that enhances livelihood opportunities and promotes a sustainable future for society. The CGC strives to achieve this vision through innovative and socially inclusive research, training and knowledge transfer. The aim is to drive positive transformation by bridging the gap between scientific knowledge and practical, community-focused solutions.

Themes and Areas of Research

Central to the CGC is its focus on contextually relevant research, innovation, and societal impact, achieved through prioritising transformative and transdisciplinary approaches. The CGC is anchored in the Eastern Cape Province in South Africa and extends its reach through collaboration to Southern Africa. In partnership with the African Climate and Development Initiative (ACDI) at UCT, it also aims to leverage South-South and South-North collaborations beyond Africa. The underlying intention is to make the global change science and policy domain more diverse and inclusive at local, regional, and global levels. Research areas include, climate Change Risks and Vulnerability Assessment, alternative livelihoods and natural resources management.
