FACULTIES

ABOUT CUT

Imagine your Graduation Day

Study at CUT

Read More ➜ (https://www.cut.ac.za/students)

CUT has exceptional applied research and innovation projects. From the latest medical innovation prototyping to renewable energy.

This page is the Prospectus of CUT.

Undergraduate and Graduate Programmes 2025

CUT's Grade 9 -12 subject choice guide (https://cms.cut.ac.za/Files/Froala/98dbd744-3e0a-4e80-9939-2dfc1f510f78.pdf) for your chosen career (PDF)

Subject codes for tables below			
M	Mathematics	E	English
ML	Mathematic Literacy	LO	Life Orientation
PS	Physical Sciences	L	Languages
LS	Life Sciences	A	Accounting
AS	Agricultural Sciences	IT	Information Technology

E	Economics	CS	Consumer Sciences
BS	Business Studies	HS	Hospitality Studies

Tips for reading the CUT programme page

The page has all the faculties in one place! You can browse through our entire selection of programmes.

The tables have 3 elements:

1. The programmes (what NQF level it is, and the qualification type). How long you will spend studying this and with what type of qualification you will graduate.
2. Minimum points (APS). Next, it is the minimum points needed to study the programme. Minimum points to study at CUT are 27. Some programmes need more than the minimum. Between 24 and 26 you may be eligible for the selection test but if the programme is full of applicants who meet the minimum and above, you are not going to be given the opportunity. Try to have more than the minimum. It should not be your target number.
3. Next, we tell you the minimum level of achievement you need per school subject. In the table above the faculties, each subject is given M – Maths, E – English. The points you get for the percentage earned in a subject is at the top of the table. Add those numbers 4 + 3 + 4 to get your APS.

Engineering	Hydrology and Water Resources Management
Computer Networking	Information Technology
Construction	Quantity Surveying
Health and Safety Management	Renewable Energy Technologies

FACULTY OF ENGINEERING, BUILT ENVIRONMENT AND INFORMATION TECHNOLOGY

NQF 5 - 1 year full-time
NQF 6 - 2 years full-time
NQF 7 - 3 years full-time

For prospective students with NC(V) or N4, N5 and N6 qualifications (https://www.cut.ac.za/fet-students)

Programme	
NQF 5 (HCert)	NQF 6 (Dip)
Information Technology (https://www.cut.ac.za/programmes/information-technology-2)	Information Technology (https://www.cut.ac.za/Programmes/information-technology)
NQF 6 (Dip)	
Computer networking (https://www.cut.ac.za/programmes/computer-networking)	
NQF 5 (HCert)	
Construction (https://www.cut.ac.za/programmes/construction)	
NQF 5 (HCert)	
Renewable Energy Technologies (https://www.cut.ac.za/programmes/renewable-energy-technologies)	
NQF 7 (BCon)	
Construction Management (https://www.cut.ac.za/programmes/construction-management)	
NQF 7 (Bachelor)	
Health and Safety Management (Construction) (https://www.cut.ac.za/programmes/health-and-safety-management)	

NQF 6 (Dip)	NQF 7 (Bachelor)
Civil Engineering (https://www.cut.ac.za/programmes/civil-engineering)	Civil Engineering (https://www.cut.ac.za/programmes/civil-engineering-0)

NQF 7 (Bachelor)
Quantity Surveying (https://www.cut.ac.za/programmes/quantity-surveying)
NQF 7 (Bachelor)
Hydrology and Water Resources Management (https://www.cut.ac.za/programmes/hydrology-and-water-resources-management)
NQF 6 (Dip)
Electrical Engineering (https://www.cut.ac.za/programmes/dp-engineering-technology-in-electrical-engineer)
NQF 7 (Bachelor)
Electrical Engineering (https://www.cut.ac.za/programmes/engineering-technology-in-electrical-engineer)
NQF 6 (Dip)
Mechanical Engineering (https://www.cut.ac.za/programmes/engineering-technology-mechanical)
NQF 7 (Bachelor)
Mechanical Engineering (https://www.cut.ac.za/programmes/engineering-technology-mechanical-0)
NQF 5 (HCert)
Mathematics for Engineering Technology (https://www.cut.ac.za/programmes/hc-mathematics-for-engineering-technology)

Agricultural Management	Environmental Health
Clinical Technology	Medical Laboratory
Dental Assisting	Somatology

FACULTY OF HEALTH AND ENVIRONMENTAL SCIENCES

NQF 5 - 1 year full-time

NQF 6 - 2 years full-time

NQF 7 - 3 years full-time

NQF 8 - 4 years full-time

For prospective students with NC(V) or N4, N5 and N6 qualifications (https://www.cut.ac.za/fet-students)

Programme	Minimum Points	Minimum Level of Achievement Subject 1 (0-29%) | 2(30-39%) | 3 (40 -49%) (50-59%) | 5 (60-69%) | 6 (70-79%) (80-100%) Life Orientation will be given a score 1 point. See Admission Po (https://cms.cut.ac.za/admission-poi ap)							
		M	ML	PS	LS	E	LO	L	A
